DATASHEET

D-SHAPE SG

This D-shaped aluminum alloy carabiner with screw lock is ideal as an end element on lanyards or for connecting multiple devices. Its directional shape increases the load capacity and ensures optimum alignment on the main axis. This makes it ideal for working at height as well as rescue and recovery maneuvers. The catch-free system also prevents accidental entanglement and enables safe and comfortable handling.

FEATURES

Colour:	Orange, Silver
Swivel:	No
Gate opening:	26 mm
MBS MAJOR AXIS:	30 kN
MBS GATE OPEN:	11 kN
MBS MINOR AXIS:	10 kN
Form fit:	Key Lock
Carabiner type:	Type B (EN 12275: 2013), Type B (EN 362:2004)
Maximum lifetime:	30 years
Minimum temperature:	-35 °C
Maximum temperature:	45 °C
Standard ANSI:	No
Standard CSA:	No
UIAA compliance:	Yes
Anti-twist device:	No
Individually tested:	Yes
100% quality control:	Yes
Hot forged:	No
Hard coated:	No
Locking mechanism:	Screwgate
