DATASHEET

TRITON WITH SHOULDER PADS AND SKYBOARD

The TRITON TOWER harness is an innovative design featuring superior comfort, versatility and durability. It offers an extremely lightweight and durable design that reduces worker fatigue while extending the products life. The four-motion leg pivot point increases comfort during climbing, suspension and work positioning. A breathable waist pad provides the highest level of comfort and functionality. The easy-to-use webbing adjusters and an elastic keeper system secure the harness without slippage or excess webbing. A removable waist belt secures tool pouches and holders. Velcro straps keep the belt in place, preventing tool pouches from coming loose. The harness contains a removable Suspension Seat as well as additional paddings. The rigid board provides support and stability while the shoulder and leg paddings allow for long term suspension. - Durable steel positioning rings - Aluminum & Stainless Steel hardware reduce worker fatigue and increase product life - Removable Suspension Seat

FEATURES

Colour:	Black, Orange
Attachment points:	Sternal aluminium attachment point, Dorsal aluminium attachment point, Side aluminium attachment point
Number of material loops 7 kg:	2
Number of material loops 10 kg:	2
Number of material loops 15 kg:	0
Harness features:	Fallindicator, Lanyard parking ring
Hand wash:	40 °C
Maximum lifetime:	10 years
Minimum hip size:	100 cm
Maximum hip size:	140 cm
Minimum leg size:	55 cm
Maximum leg size:	110 cm
Minimum temperature:	-35 °C
Maximum temperature:	45 °C
