DATASHEET

ULTRABASKET STRETCHER

High-performance basket stretchers - robust, comfortable and reliable. With an impressive load capacity of 315 kg, they are perfect for demanding rescue situations. Made of high-quality, impact-resistant ASA/ABS plastic and a sturdy aluminum frame, they offer maximum robustness. The 40 mm thick mattress is easy to clean and the adjustable footrest provides additional comfort. The recessed grips on the sides allow for easy handling. Rely on our high-performance basket stretchers for a safe and effective rescue.

The textile components of the stretcher must be replaced after 10 years at the latest (from production date)
