## DATASHEET

# ROUGHLIGHT 700

RoughLight 700 is a super robust and durable 700-lumens headlamp for professionals. The design is dust-tight and fully waterproof according to IP68. The clever Mag-Snap system lets you detach the lamp easily from the headband and snap it into the included helmet mount or on a metal surface. RoughLight 700 features white light, as well as red and orange LED for close-range work in dark conditions.

Robust and durable 700 lumen headlamp for professionals

With its robust, dust-tight, and waterproof (IP68 standard) design, RoughLight 700 is a reliable companion at work. Except for white LED light, it features red and orange light modes that enable close-range work in very dark conditions. RoughLight can be used in four light modes, where the super-low mode of 15 lumens saves battery and is perfect for close-up work.

Mag-Snap for multiple attachments

RoughLight 700 features a clever Mag-Snap system that lets you detach the lamp easily from the headband and snap it into the included helmet mount, on a metal surface or use it as a stationary light.

Integrated USB-C rechargeable battery

RoughLight 700 has a built-in battery that is rechargeable with the included USB-C charge cable. It also has a 4-level battery indicator.
