JACKPOD TRI 2

GENERAL

Art.Nr:	JP-011-2	Standards:	CEN/TS 16415:2013, EN 795:2012/B
GTIN:	4030281206262	Net weight:	26.00 kg
E-class number:	40-02-01-09	Gross weight:	30.50 kg
Customs tariff number:	84289090		

DATASHEET

JACKPOD TRI 2

Flexible fall prevention for working in confined spaces is now easier than ever with the tripod systems. The portable and stepwise adjustable systems require only a small working base area and are easy to transport and store thanks to their low weight and volume. High-quality finished aluminium and galvanised steel offer high ageing resistance. In two versions, the JACKPOD TRI covers the areas of the vertical entry with a variable height adjustment from 1.2 to incredible 3.1 meters. Even very wide entries can be covered. When using a winch, for example the JACKPOD WINCH 1, the retention function of a person is already in place and a descent into deeper work environments is no longer a risk.

FEATURES

Colour:	Red
Anchor point type:	Mobile anchor point
Maximum lifetime:	10 years

MATERIAL

Material:	Aluminium, Steel
