Customs tariff number:	65061010		

DATASHEET

INCEPTOR GRX

The INCEPTOR GRX helmet ensures the highest possible safety. Thanks to the EPS thorax and the shell made of PC/ABS, the helmet absorbs particularly high impact energy in the crown and side areas. The neck strap of the INCEPTOR GRX allows continuous width adjustment from 54 to 63 cm. The chin strap is equipped with a magnetic closure, which is easy to open and close. The gear rack, several helmet clips and Euroslots allow accessories to be attached. All internal padding and the chin strap are replaceable and can be cleaned or replaced. The INCEPTOR GRX is available in 6 different colours, both in open form with ventilation holes and in closed form..
