DATASHEET

HK PLUS

GENERAL

Art.Nr:	HSG-050-15	Standards:	EN 360:2023
GTIN:	4030281249733	Net weight:	7.63 kg
E-class number:	40-02-01-03	Gross weight:	7.63 kg
Customs tariff number:	84798997		

DATASHEET

HK PLUS

HK PLUS retractable type fall arresters offer a high degree of freedom of movement with a short fall distance, making them the ideal reliable fall arresters for a wide range of work at height. The automatic rope retraction ensures that only the rope length actually required is extended. This means that the fall arrest distance is always kept as short as possible, both when anchoring overhead and when used horizontally. HK PLUS is suitable for both vertical (100 kg) and horizontal (100 kg) overhead use thanks to the flexible interchangeable marking. The carabiner has an integrated color symbol to indicate a previous fall and indicates that the device needs to be checked.
Rope lengths of 3-15 m (in different variants) are available.

FEATURES

Colour:	Black
Edge approved:	Yes
Maximum lifetime:	10 years
Max. number of persons:	1
Min. user weight:	50.00 kg
Max. user weight horizontal:	100.00 kg
Max. user weight vertical:	100.00 kg
Min. temperature:	-30 °C
Max. temperature:	50 °C

DIMENSIONS

Rope length:	15.00 m

MATERIAL

Material:	Steel, Aluminium, Acrylonitrile butadiene styrene
