DATASHEET

HK PLUS

GENERAL

Art.Nr:	HSG-050-04	Standards:	EN 360:2023
GTIN:	4030281249719	Net weight:	2.91 kg
E-class number:	40-02-01-03	Gross weight:	2.91 kg
Customs tariff number:	84798997		

DATASHEET

HK PLUS

HK PLUS fall arresters stand for high freedom of movement with a short fall distance at the same time and are therefore the optimal companions as reliable fall arresters for many jobs at height. The automatic rope retraction ensures that only the actually required rope length is extended. The fall arrest distance thus always remains as short as possible, both when attaching overhead and when used horizontally. HK PLUS is suitable for both vertical (140 kg) and horizontal use (100 kg) over edge due to the flexible interchangeable marking.
The karabiner has an integrated colour symbol to indicate a previous fall and indicates a necessary equipment check. Rope lengths of 3-15m (in different variants) are available.

FEATURES

Colour:	Black
Edge approved:	Yes
Maximum lifetime:	10 years
Max. number of persons:	1
Min. user weight:	50.00 kg
Max. user weight horizontal:	100.00 kg
Max. user weight vertical:	140.00 kg
Min. temperature:	-30 °C
Max. temperature:	50 °C

DIMENSIONS

Rope length:	4.00 m

MATERIAL

Material:	Steel, Acrylonitrile butadiene styrene, Aluminium
