DATASHEET

CHARGER ICX

The Charger ICX is Husqvarna's specially designed charger for SKYLOTEC's ICX high-performance batteries, ensuring a fast, safe, and reliable power supply for the ActSafe ICX Power Ascender. As a compatible charger for this battery system, it plugs directly into an outlet, enabling a straightforward and efficient charging process for professional use. With an optimized charging time of approximately 90 minutes, the Charger ICX helps significantly reduce downtime and increase the system's operational readiness. The intelligent charging electronics support gentle handling of the lithium-ion technology and ensure a long service life for the batteries. Thanks to various country-specific plug options (EU, US, UK, AUS), the charger can be used flexibly worldwide and is ideally suited for international work environments.
