DATASHEET

CS 8

The CS 8 is an absolute all-round harness. It is suitable for rope access technology, scaffolding, rescue work and working on wind turbines. It has two side eyelets, a back eyelet, a chest eyelet and a seat belt eyelet. Its hip and leg pads make it comfortable to wear even when sitting in the harness for long periods and it can be perfectly adjusted to the wearer's body thanks to the adjustment buckles.
