CORD 4.0

GENERAL

Art.Nr:	L-0633-RO-5	Standards:	EN 564:2023
GTIN:	4030281213673	Net weight:	0.04 kg
E-class number:	40-02-90-06	Gross weight:	0.04 kg
Customs tariff number:	56075011		

DATASHEET

CORD 4.0

The CORD 4.0 is a handy 4-mm-diameter cord for a wide range of applications. Thanks to its comfortable handling, it's easy to guide, tie, and stow. With a length of 5 m, it is particularly well-suited for flexible applications where a compact and easily portable rope is needed.

Made of polyamide, the rope offers a reliable material base for professional use. It complies with the EN 564:2023 standard and has a minimum breaking load of 4.10 kN. Weighing only 10.50 g per meter, it remains exceptionally lightweight and can be easily carried as part of your gear.

It comes in a polybag, ensuring clean storage and easy access. The CORD 4.0 is thus a practical rope for various applications where low weight, controllable handling, and compact dimensions are required.

FEATURES	
Colour:	Red
Hand wash:	40 °C
Edge approved:	No
Maximum lifetime:	10 years
Minimum tensile strength:	4.10 kN
Min. temperature:	-35 °C
Max. temperature:	45 °C
Rope character:	Cord
Weight per meter:	10.50 g
DIMENSIONS	
Rope length:	5.00 m
Rope diameter:	4.00 mm
MATERIAL	
Material:	Polyamide
