DATASHEET

CORD 2.0

The CORD 2.0 is an exceptionally fine rope with a diameter of 2 mm and a comfortable feel. It is suitable for applications that require a very lightweight, compact, and easy-to-control rope. Its small diameter makes it easy to guide, stow, and integrate into existing gear.

With a length of 5 m, the rope is particularly easy to handle and can be carried in your gear without any problems. It comes in a polybag, which ensures clean storage and easy access in the field.

Made of polyamide, the CORD 2.0 offers a reliable material base for professional applications. It has a minimum breaking strength of 0.80 kN and weighs only 3.26 g per meter. The rope is available in yellow and is suitable for a wide range of applications.
