DATASHEET

CORD 5.0

The CORD 5.0 is a handy rope with a 5 mm diameter that's comfortable to handle. It's suitable for a wide range of applications where a compact, easy-to-control, and portable rope is needed. Its easy-to-grip diameter makes it simple to guide, tie knots with, and integrate into existing gear.

With a length of 5 m, this rope is particularly practical for flexible use and can be easily carried as part of your gear. It comes in a poly bag, which ensures clean storage and quick access in the field.

Made of polyamide, the CORD 5.0 offers a reliable material base for professional applications. It complies with the EN 564:2023 standard, has a minimum breaking load of 6.50 kN, and weighs 14.00 g per meter. The rope is available in orange and is suitable for a variety of applications where controlled handling, low weight, and compact dimensions are required.
