ACTSAFE PMX POWER ASCENDER

The gasoline-powered ActSafe PMX winch is a system designed to transport people or loads to hard-to-reach areas where occasional or recurring work takes place. The ActSafe PMX stands out above all for its high performance, ruggedness, and compact, portable size. Weighing just 13 kg and featuring a rope length of at least 700 meters, the ActSafe PMX is your reliable companion for jobs in dirty work environments. The gasoline-powered winch features a closed-loop rope system and a throttle lever that can be operated with the left hand, making it very easy to use. It is delivered in a transport box with wheels. In addition, a correspondingtraining course <https://www.skylotec.com/eu_en/trainings/actsafe-power-ascender/> on the safe and proper use of the ActSafe RCX winch is offered to ensure its efficient and responsible use in rescue operations and everyday work.
