GTIN:	8057733301562	Net weight:	1.10 kg
E-class number:	40-21-04-01	Gross weight:	1.10 kg
Customs tariff number:	63079098		

DATASHEET

WORK TEC 140

This ergonomic harness with two anchor points in accordance with EN 361 is ideal for restraint systems and use in fall arrest systems. In combination with the WAIST TEC belt, it can be extended to a harness with four attachment points (EN 361 / EN 358) - perfect for positioning work.

The sternal fall arrest eyelet is made of lightweight metal, while the dorsal eyelet is made of robust steel. The innovative Easy-Ring closure system on the chest is particularly robust and easy to operate, even when wearing gloves. Padded, pre-shaped shoulder straps prevent friction on the neck, while the breathable mesh material in the back area ensures a high level of comfort during hanging activities.

Additional features: two HOOK REST loops on the shoulder straps, two material holders and leg loops with quick-release buckles and insertion indicator. Approved for workloads of up to 140 kg.

Using WORK TEC 140 Safely: In our PSAgA application training <https://www.skylotec.com/eu_en/trainings/pe-application/>, you'll learn how to properly put on and adjust the harness, as well as how to use it safely when working at heights.

FEATURES

Colour:	Black, Orange
Attachment points:	Sternal aluminium attachment point, Dorsal steel attachment point
Hand wash:	40 °C
Maximum lifetime:	10 years
Minimum body hight:	170 cm
Maximum body hight:	195 cm
Minimum hip size:	75 cm
Maximum hip size:	125 cm
Minimum leg size:	60 cm
Maximum leg size:	80 cm
Min. temperature:	-20 °C
Max. temperature:	60 °C
Padding:	Removeable shoulder paddings, Back padding
Buckles:	stick_buckle, click_buckle
Adjusting buckles:	Adjusting buckles shoulders, Adjusting buckles legs

DIMENSIONS

Size:	L-XL

MATERIAL

Material:	Polyamide, Polyester, Steel, Aluminium
