E-class number:	40-02-01-09	Gross weight:	19.80 kg
Customs tariff number:	76109090		

DATASHEET

TRIBOC

The TRIBOC is a multifunctional power package on three legs. It is ideal for lifting loads, as well as for securing, recovering and rescuing people. The tripod is easy to use and provides complete safety.

• The TRIBOC can be used with a material load of up to 500 kg (secured with chains).
• The legs can be set in 8 different ways.
• The standard steel head offers three additional anchoring points for material loads of up to 200 kg.
• The modular system means that hoisting and fall arrest devices can easily be taken out and transported separately.
Chains to use with the TRIBOC. From May 2017 onwards, standard accessories are supplied with the TRIBOC (AP-004).

Using the TRIBOC safely in confined spaces: In our Confined Spaces Training <https://www.skylotec.com/eu_en/trainings/confined-spaces/>, you'll learn the correct setup and safe use of the system during entry and exit, as well as in rescue situations.

FEATURES

Colour:	Silver
Anchor point type:	Mobile anchor point
Maximum lifetime:	20 years
Max. number of persons:	2

MATERIAL

Material:	Aluminium, Steel
