DATASHEET

JACKPOD WINCH 1

The WINCH 1 and 2 combine many advanced safety features such as multiple pawls,
a secondary coasting actuated brake, an easy to read visual brake wear
indicator, an easy to read visual overload indicator on the snap hook and an
optional use indicator. These winches have a unique drive hub design that
allows the winch to be easily converted from hand cranking to various power
drives. See JP-009-1/2/3
